

Shresth Jaiswal

BHOPAL | (+91) 8470980674 | jaisshresth143@gmail.com | www.linkedin.com/in/shresth-jaiswal

Passionate web development enthusiast with experience in Node.js, Express, MongoDB (Mongoose), and EJS. Proficient in Data Structures and Algorithms (DSA) using Java. Eager to work on real-time projects and apply problem-solving skills to build scalable and efficient applications.

EDUCATION

B.TECH in Computer Science and Engineering | VIT Bhopal University
(2023-PRESENT) CGPA: 8.33

INTERMEDIATE | BHAVAN'S KDKVM School
(2022- 2023)
Percentage:82%

HIGH SCHOOL | Bhavan's KDKVM
(2020-2021)
Percentage:98.6%

PROJECTS

DEEPFAKE DETECTION

Technology: Deep Learning, Python, OpenCV, TensorFlow, Flask, HTML/CSS

- The project aims to develop a deep learning model that can detect deepfake images and videos. The project
- will focus on building a robust, as accurate as possible deepfake detection model using machine learning techniques.

MINI ATM

Technology: Java, Java Swing, MySQL

- This is a Bank Management System, developed in Java.
- In this application, the user can create an account in the bank, deposit money, withdraw money, delete an account and change the pin (password) for his account. The application has been developed using IntelliJ IDE and SQL has been used as a database.

LIBRARY MANAGEMENT SYSTEM

Technology: C++, MYSQL

- A LMS developed in C++ and MySQL is a powerful tool that can be used to manage large libraries with thousands of books and members.
- C++ is a powerful programming language that is well- suited for developing complex applications. MySQL is a popular relational database management system that is easy to use and scale.

SKILLS

1. **LANGUAGES:** Java, JavaScript, HTML, CSS ,ReactJS ,
NodeJS, ExpressJS,
2. **COURSE:** Data Structures and Algorithms, OOPS, DBMS
3. Content Writing, Creative writing
4. **TOOLS:** MSEXCEL
